Due to the increased number of box lots and the logistics of storing them and taking them to the auction venue, we have listed them by lot number below. We have NOT sighted the contents as they are being delivered by the vendors on the auction day. Since all box lots need to be paid for and collected on the day, we rely on the bidder to view them before bidding. The conservative reserves combined with past box lots from such vendors suggests they are worth taking the time to peruse. Those box lots with full descriptions have all been viewed by the describers here at Ace Stamp Auctions & we can vouch for the contents.

Other items incl a 1962 ticket to Carmen for performance in Madrid & related Lottery Tickets. There are still worthwhile pickings at this reserve. SALE 24 PART 4 - 1.00pm SUNDAY 29th JULY 2108

AUSTRALIA - KANGAROOS

1055	1911 Stamp Design Competition. Kihm Brothers entry with a 3d Queen Alexandra composite with hand painted frame in black & vignette. Partly photographic & hand painted with inner circular surround (67 x80mm) plus an alternative vignette design of sideface King Edward VII & Queen Alexandria attached. Executed on thick card (152 x 204mm) with two stamp-size photographic reproductions of the two alternatives affixed below. ACSC E71, Cat. \$6000 Note: The background of this competition was that there was an absence of any satisfactory designs for the uniform stamps as suggested hence, the Postmaster-General, Josiah Thomas, announced that a public design competition would be held to obtain suitable designs. The official announcement, together with the rules of the competition, was made in the "Commonwealth Gazette" on 21 January 1911. The most important conditions were: 1) the designs should be submitted under a nom de plume; 2) the designs submitted should not exceed four times the size of the proposed stamp (1.125" x 0.675") - a stipulation that was frequently ignored & be accompanied by a stamp-size photograph reproduction & 3) the designs should contain features characteristic of Australia & include the words "Australia" & "Postage". As of 31 May, 1911, the closing date of the competition, 1,051 designs had been received from 533 entrants. A first prize of £100 & two second prizes of £50 were awarded with two of the prize-winning entries being subsequently lost. Designs not selected were to be returned to entrants. A relatively small number of these competition entries are recorded in private collectors' hands today.	\$3,000
